OBJECTIVE

Passionate Full Stack Developer with strong knowledge of Java, Spring Boot, databases, and web technologies. Looking for an opportunity to start my professional career and contribute to software development projects.

TECHNICAL SKILLS

- Programming Languages: Java, Python, PHP, C, C++, JavaScript
- Java Technologies: JDBC, Hibernate (ORM), Spring Framework, Spring Core, Spring MVC, Spring Boot
- Web Development: HTML, CSS, JavaScript, PHP
- Databases: MySQL, Oracle, DBMS, RDBMS
- Version Control: Git, GitHub
- Operating Systems: Windows
- Professional Skills: Strong Problem-Solving Ability, Fast Learner, Effective Team Player, Excellent Communication Skills

PROJECTS

1. Bookstore Management System

Tech Stack: PHP, MySQL, HTML, CSS, JavaScript

- Developed a web-based application to manage books, customers, and sales records efficiently.
- Implemented CRUD operations for book and customer management.
- Integrated MySQL database for secure data storage and retrieval.
- Designed an admin dashboard for inventory management and report generation.
- Created a responsive and user-friendly interface with smooth navigation.

2. Login Form with Database Connectivity

Tech Stack: Java, JDBC, MySQL

- Developed a secure login authentication system using Java and MySQL database connectivity.
- Implemented user validation to allow authorized access and prevent invalid logins.
- Strengthened understanding of JDBC through database integration and query execution.
- Managed data flow between Java application and MySQL database efficiently.

3. Job Portal Web Application

Tech Stack: Java, Spring Boot, Spring MVC, MySQL, HTML, CSS, JavaScript

- Developed a job portal web application for job posting and job application management.
- Implemented features such as adding jobs, viewing jobs, and applying for jobs.
- Designed responsive user interfaces using HTML, CSS, and JavaScript.
- Integrated database connectivity for storing and managing job and applicant information.
- Applied Spring MVC architecture for better code structure and maintainability.

4. Digital Shopping Portal (E-Commerce Website)

Tech Stack: Java, Spring Boot, PostgreSQL (pgAdmin), HTML, CSS, JavaScript

- Developed a digital shopping portal using Spring Boot and PostgreSQL database.
- Implemented product management, user interaction, and database connectivity features.
- Designed responsive web pages for better user experience and smooth navigation.
- Integrated backend functionalities for efficient product and customer data handling.
- Improved understanding of full-stack web application development using Spring Boot.

EDUCATION

BMS (E-Commerce)

M. D. Palesha Commerce, Dhule

Jun 2022 - May 2025, CGPA : 9.15

Secondary School Certificate (SSC)

Anandvan Primary and Secondary

Feb 2021 - May 2022, Percentage : 73%

Higher Secondary Certificate(HSC)

Jai Hind College, Dhule

Mar 2019 - Jun 2020, Percentage - 84%

CERTIFICATIONS & ACHIEVEMENTS

- HackerRank: Java (Intermediate, 5★), SQL (Basic)
- CodeChef: Java (Intermediate)
- **Certificate Links:** [Java \(Basic\)](#), [SQL \(Basic\)](#), [CodeChef \(Java\)](#), [SQL \(Advance\)](#)
